

# Halloween and April Fool's Day....

**“Yes, they are great days to dress up and play tricks on your co-workers, but they’re also the Faculty adoption deadline dates.”**

**Halloween:** Due date to have your Spring Text Adoptions in the Bookstore.  
Oct. 31<sup>st</sup>.

**April Fools Day:** Due date to have Fall/Summer Adoptions in the Bookstore.  
April 1<sup>st</sup>.

**If you want to have the correct books and the most available for your class on the first day of class, please submit them by these dates to the Bookstore. Please double check ISBN's and package contents with the publisher rep and us, if you like, to make sure they are correct. By doing this, you are making textbooks more affordable for the Students.**

**If we all do our part, we can likely include your books on the end of semester buy back. Which means, your Students will get back up to 50% after finals week on the new book price, even if they purchased a USED book! Even better, the next semester, your next class will get a 25% discount by buying used, instead of new. Everyone Wins!**

**On-time adoptions help tremendously in  
keeping text books affordable!**
