STATE EMPLOYEES CREDIT UNION AWARDS SCHOLARSHIPS AT GTCC

JAMESTOWN –Aimee Perry of Greensboro and Brandi Rutherford of Kernersville have been awarded \$5,000 scholarships by the State Employees Credit Union Foundation to attend Guilford Technical Community College. The scholarships were presented in a ceremony Sept. 8 at the college’s Jamestown campus.

Perry is studying Early Childhood Education and wants to earn a teaching certificate. Rutherford is studying medical technology.

The scholarships are among 114 being awarded by the SECU Foundation, with two grants being made at each of the state’s 58 community colleges. This represents \$580,000 in scholarships.

Jacqueline Pettiford, a member of the State Employees’ Credit Union’s local Advisory Board, said that the SECU Foundation has “once again affirmed their commitment to making a difference in North Carolina through the renewal of the ‘People Helping People’ scholarship program.”

Pettiford, GTCC’s dean of educational support services, also noted that the scholarships are recognition of the recipients’ leadership, excellence of character, integrity and community involvement.
