ASSOCIATE DEGREE NURSING

Fall 2027 Entry (August Start)

Associate in Applied Science - 66 Credit Hours

Jamestown Campus

The Associate Degree Nursing program has a selective admissions process. The cap on total Nursing student enrollment is 250. Therefore, with each admission process, the number of accepted students varies depending on the number of continuing students. Typically, 75 - 85 students are accepted with each fall and spring admission (depending on total program enrollment). This packet will outline minimum criteria, program coursework, and the application/selection process. Before applying, it is recommended to review the Technical Standards and Essential Functions required for the program. Reading these standards carefully along with a realistic assessment of your own personality, interests, abilities, strengths, and weaknesses will ensure that you choose a program and career path that is a good fit for you.
Please read the contents of this packet carefully and in its entirety as some requirements are time-sensitive.

GUIDED ENTRY ADMISSION PROCESS – GTCC HEALTH SCIENCES PROGRAMS

MEET PROGRAM ADMISSION REQUIREMENTS

Complete the GTCC General Admission Process (New and Returning Students)

- **New and returning GTCC students must complete the GTCC general admissions process, including the North Carolina Residency Determination Service (RDS).** To get started, visit the admissions website.
    - **Returning students=** students previously admitted to GTCC and have not been enrolled in courses for more than 12 months
- **Submit your official transcripts to the GTCC Admissions Office by email at transcripts@gtcc.edu.** Once received, transcripts are evaluated by GTCC's Admissions staff. Approved transfer credits will be added to your academic record in Student Planning. **All degrees from institutions outside of the United States require evaluation by an agency recognized by NACES (National Association of Credential Evaluating Services) for an international evaluation. (*Note: it is the responsibility of the applicant to ensure that all official transcripts have been received by GTCC's Admissions Department. Please visit the transcripts website to verify that your transcripts have been received.)***
    - **Please allow a minimum of TWO WEEKS for evaluation to occur.** This process takes longer near the beginning or end of a semester. Transfer credits from an Institutionally Accredited College or University **must** appear on your GTCC transcript in **Student Planning** to be eligible for program admission requirements and/or ranking points
- **Activate your GTCC Titan Account.** You should be able to do this within 3 to 5 business days of completing your GTCC Application.
- **Need help with this requirement?** For assistance with any part of the general admission process, you can contact the Admissions office at 336-334-4822, ext. 31125 or email admissions@gtcc.edu.

Complete the Required Online Program Information Session by 5pm, February 12th

Information Sessions completed for previous application cycles are not acceptable for purposes of meeting this requirement!

This session will provide you with a detailed overview of the program, faculty and student expectations, class schedules and clinical requirements, the minimum program admission requirements, submitting your program application, and the selection and notification process for the incoming class.

- **You must have an activated Titan account to access the information session.**
- Enroll yourself in the Associate Degree Nursing (Fall Start): Guided Entry Program Information Session-2027 Canvas course
- You must complete all tasks and pass all three assessments with a score of 100% to receive credit for completing this task and to access the program application.
- **Access to the module will close at 5pm on February 12th!**

College Readiness requirements 1

If you are unsure whether you meet either of these requirements, it is YOUR responsibility to speak with a Guided Entry Advisor for clarification PRIOR TO submitting your Program Application.

Demonstrate Biology Competency

Applicants can meet this requirement in one of the following ways:

- College-level BIO/lab 4 credit hour course with a "C" or better, completed within 10 years of program start date—(since 2017)
    - The course must be reflected on your transcript in **Student Planning**.
- High school-level BIO/lab course with a "C" or better, completed the <u>2024-2025</u> school year or later
    - Your high school transcript must be on file in Admissions.
    - AP (Advanced Placement) scores are accepted within the past 5 years (since 2022)**. The College Board Scores of 3, 4, or 5 must be on file in Admissions to receive credit.**
    - **IB (International Baccalaureate Higher Level Examination) scores are accepted within the past 5 years (since 2022). The official transcript from the International Baccalaureate Organization (IBO) scores of 4, 5, 6, or 7 must be on file in Admissions to receive credit**

Possess a Current, Valid Certification as a North Carolina Nurse Aide I with No Substantiated Findings

Applicants are required to have a current NA I Registry listing (CNA certification) prior to submitting the program application. You must keep this certification current throughout the Nursing Program.

If you have not completed the certification, you can request to be added to the contact list for upcoming GTCC trainings by emailing Amy Byerly (aeleonard@gtcc.edu). For a list of all state-approved trainings, you can visit NC Nurse Aide Registry site.

You must upload a copy of your Registry Listing with the Program application. Visit the NC Nurse Aide Registry Verification Page access your listing information.

Complete the ATI TEAS Exam and Achieve a Minimum Composite Score of 66

You may schedule your ATI TEAS exam through the GTCC Assessment Center or an ATI-approved testing center. ***Your ATI TEAS exam scores must be VERSION 7 only from 2025 or later. PRELIMINARY SCORES ARE NOT ACCEPTED; the official ATI TEAS score is required)***

To schedule an exam with the GTCC Assessment Center, visit GTCC assessment center.

- **Resources for the ATI TEAS exam include:**
  - **GTCC's Center for Academic Engagement (CAE) offers NurseHub TEAS Preparation to help students strengthen their readiness for the TEAS exam. Contact CAE at 336-334-4822, ext. 50318 or** cae@gtcc.edu
  - For more information about the exam, study materials, and other testing locations, visit ATI's testing website**.**
- To schedule an exam with the GTCC Assessment Center, visit The assessment center's website. For questions related to scheduling the exam at GTCC, please contact the Assessment Center (testingcenter@gtcc.edu or 336-334-4822, ext. 50574). For more information about the exam, study materials, and other testing locations, visit ATI testing website.
- **NOTE**: **Do not send exam scores to GTCC. You will be required to upload a copy of your official exam score to your program application.**

SUBMITTING YOUR PROGRAM APPLICATION

Program Applications will be accepted January 4, 2027, through 5pm on February 19, 2027.

Once you have completed all of the program admission requirements, it's time to submit your program application. This will be completed electronically through the *Associate Degree Nursing (Fall Start): Guided Entry Program Information Session-2027 course* in Canvas. Once you have completed all three modules with a score of 100%, the link for the application can be accessed starting January 4, 2027.

- Only one submission will be permitted for each applicant
- You will be required to upload a copy of your NA I Registry Listing
- You will be required to upload a copy of your ATI TEAS exam score; must include applicant's name, date of exam, total score, and Version 7 (**preliminary scores are not accepted; the official ATI TEAS score is required**)
- If applicable, you will upload documentation of other ranking criteria
- **It is critical that you check your Student Planning transcript to make sure all coursework is accounted for, including transfer credits. Ranking points will only be given for courses that are on record. It is your responsibility to ensure all official transcripts have been submitted to Admissions and processed for transfer credits.**
- Incomplete and/or ineligible applications will not be moved forward to the Selection Committee

The Guided Entry Programs Office will not review program applications until after the April 16th deadline. It is important to make sure all requirements are met BEFORE submitting your application.

PROGRAM APPLICANT SELECTION AND NOTIFICATION PROCESS

Ranking and Selection Process

Approximately three to four weeks following the February 19th deadline, all program application submissions will be screened by Guided Entry Programs Staff to confirm all program admission requirements have been met.

Each applicant will be notified via GTCC email of the results of the screening and next steps:

- Program applications meeting all program admission requirements will move forward to the Selection Committee for the ranking review process.
- Applicants not meeting program admission requirements will not move forward to the Selection Committee for ranking review. Applicants will be advised on requirements needed to apply for the next program entry.

The next 2-3 weeks following the initial screening, the Health Sciences Review Committee (comprised of Health Sciences Program Directors and faculty, Dean of Health Sciences, and Guided Entry Programs Office Staff) will review all eligible applications.

Applicants are ranked using a points system and will be selected based on the total points earned (see below). Ties will be decided based on the following criteria: 1) The total points earned in the "General Education Courses" ranking section; 2) The ATI TEAS composite score; and 3) The date of the Guided Entry Program Application for the program of interest.

Notification Process

Final results will be sent electronically to the applicant's GTCC email address **approximately** 6 weeks after the application deadline – it is the applicant's responsibility to check this email account frequently to avoid missing important communications from GTCC.

- **Applicants offered a seat must accept or decline a program seat by submitting an Intent to Enroll Form within 4 calendar days of the date on the acceptance letter.** Failure to respond within the stated timeframe will result in the seat being offered to an alternate. Once a student declines a program seat, the decision may not be reversed.
- **Applicants have 7 business days from the date of the notification letter to contest the results of the selection process.** The request for a review of the results must be submitted in writing to the Associate Vice President of Instruction (Dr. Jeremy Bennett - jdbennett5@gtcc.edu). The Associate Vice President of Instruction will render a decision within 7-10 business days of receipt of the written request. **The Associate Vice President of Instruction's decision is final.**

Other Ranking Criteria 1

Program Orientation, Advising/Registration, and Enrollment

Once a seat in a program of study is accepted, the student will then communicate with the Program Director regarding all matters related to program orientation, advising/registration, and enrollment.

The student is required to attend all program orientations, meetings, or other events scheduled before the start of classes. Failure to attend these meetings without prior approval from the Program Director will result in removal from the health program; an alternate student will be selected to fill the vacant seat as directed by the Program Director.

The student must enroll in program classes before the first day of the semester.

A student who enrolls in first-semester classes for the program and withdraws from the program or is dropped from the program that semester must complete the entire program admission process if he/she wishes to apply for a future program entry.

The GTCC Guided Entry Process is not to be regarded as a contract between GTCC and students. GTCC reserves the right to change any provisions or requirements with adequate notice and minimum disruption to students.

Important Notes to Health Science Program Applicants

Program faculty reserves the right to revise or change course requirements in accordance with applicable state laws, college requirements, accreditation standards, and/or at the discretion of the faculty. By accepting admission into the program, students agree to at all times abide by the program requirements and procedures as set forth in the Student Handbook and the respective course syllabus issued at the beginning of each term for each course. The student is bound by such requirements and procedures regardless of whether they were established before or after the date of enrollment in the program. Changes made after the publication of the Handbook will be posted as an addendum to the Handbook.

Most programs require students to have a criminal background check, a drug screen, and an OIG review (Office of Inspector General) upon admission. Healthcare agencies that are utilized for clinical and/or internship experiences require this evaluation. If a student is denied agency access due to a positive check or screening, the student may not be able to complete the clinical education experiences, which will result in the inability to continue in the health science program. Screening may also be required after graduation by examination boards, state licensing boards, and employing agencies. Pending the outcome, a graduate may be disqualified from examination eligibility, state licensure, and/or employment.

Students must achieve a GPA of 2.0 or better to graduate. Students who receive a grade of "D" in a general education course (other than BIO or CHM) can graduate if their GPA is at least 2.0. However, a grade of "D" in a general education course will not transfer to another institution, nor will GTCC accept a grade of "D" for credit from another institution. Students must achieve a "C" or better in BIO, CHM, and program major courses. Students who do not achieve a "C" or better in these courses will be suspended from the program.
