

How to Install Adobe Flash on Your Mac

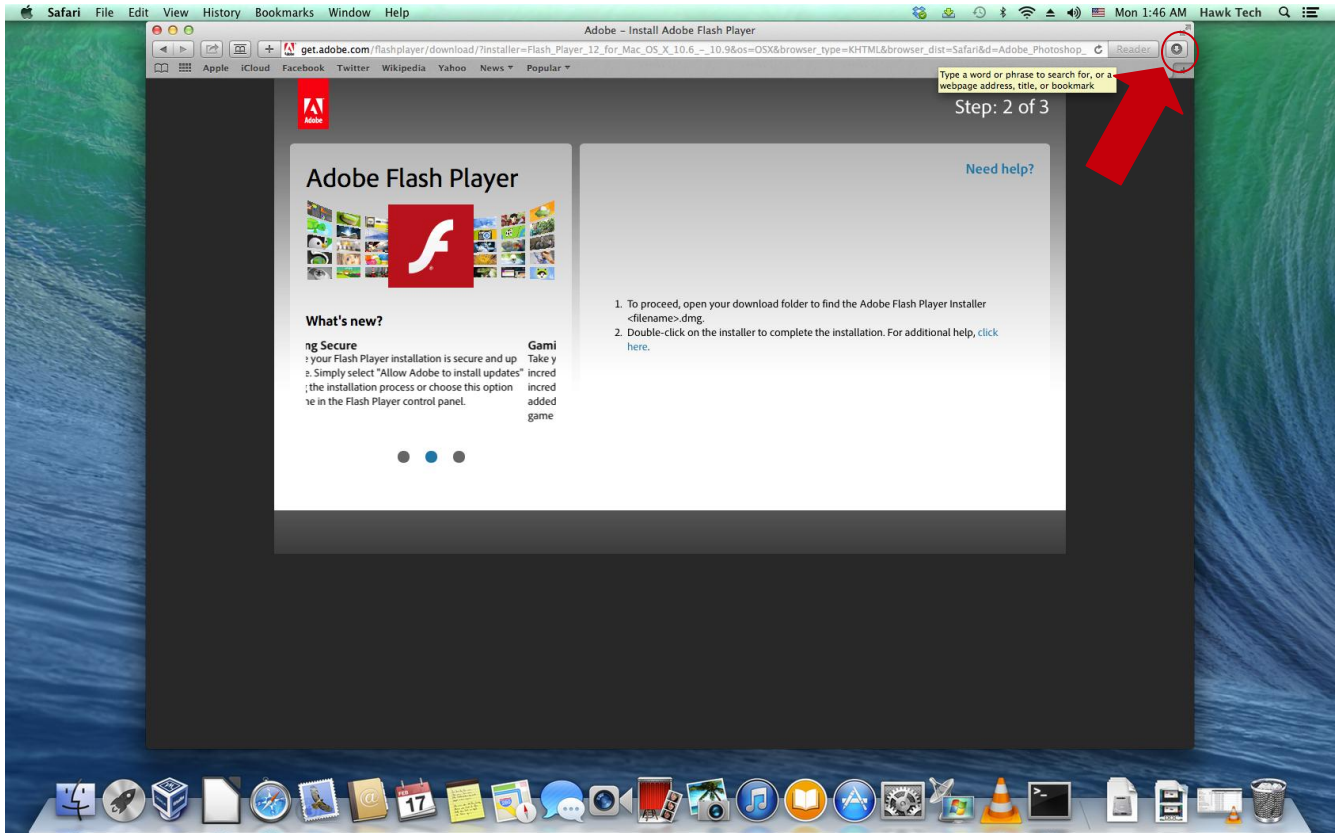

1. Go to <http://get.adobe.com/flashplayer>.

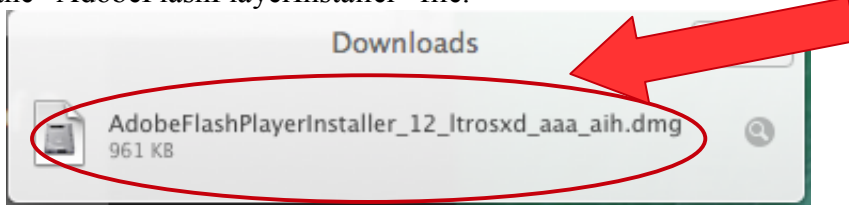

2. Click the "Install now" button.

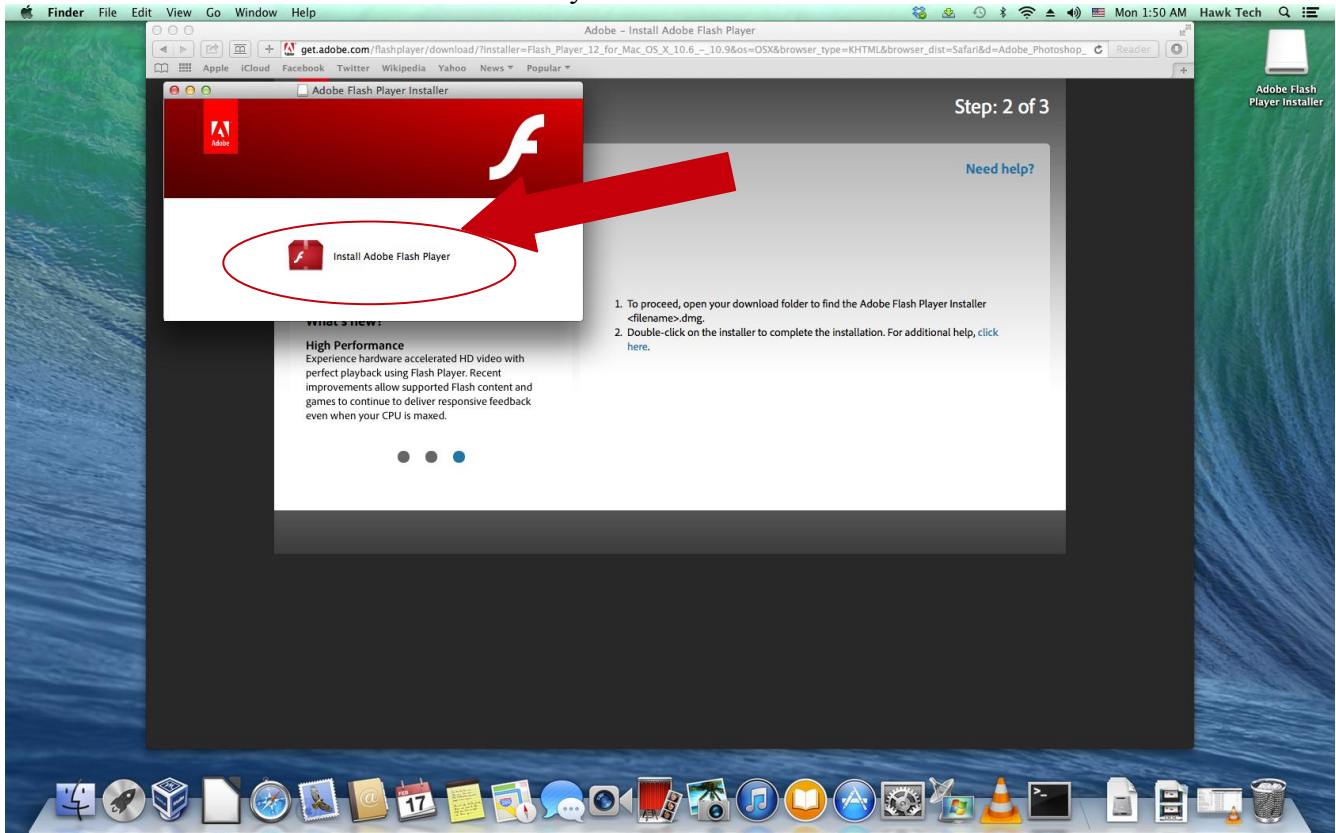

3. Click the “Show Downloads” button.

4. Double click on the “AdobeFlashPlayerInstaller” file.

5. Double click on “Install Adobe Flash Player” file.

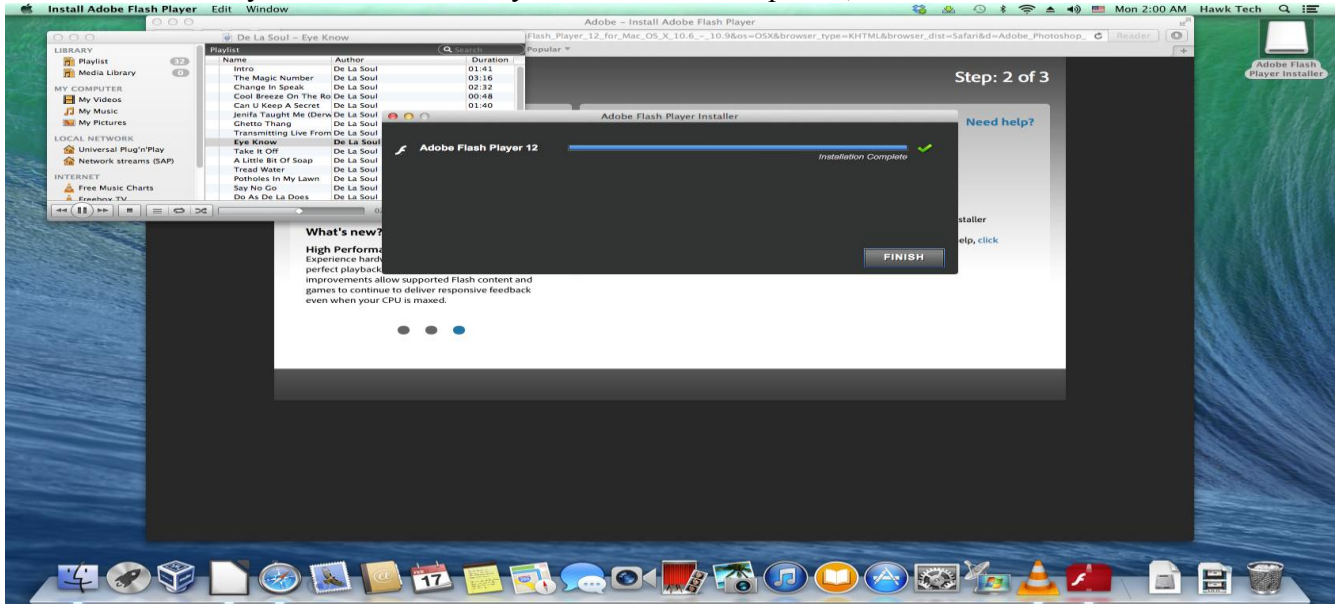

6. A warning message may pop up, click open.

7. You may also be asked to enter in your password.

8. Adobe Flash Player will automatically install. When completed, click the “FINISH” button.

9. Your web browser will open up and you will see that you have successfully installed Adobe Flash on your Mac.
