Invest in Guilford County's Workforce

GTCC serves as a magnet for attracting business and industry to our region and provides quality educational offerings for more than 34,000 students each year through five campuses. Most GTCC students remain in Guilford County and work to provide vital services each day that help improve the quality of life in our local community.

Since 2008, the GTCC Foundation has awarded more than \$1 million in scholarships to assist students with their academic and career goals.
