Emergency Medical Science

Associate in Applied Science – 68-71 Credit Hours

Fall 2020 Entry • Jamestown Campus • Maximum Number Accepted to Program - 25

Program Application Deadline: Monday, July 13, 2020 by 5:00pm

Program Admission Requirements and Deadlines

Please read the entire packet for more details on these requirements and deadlines.

**Phase I:** Complete by **July 13, 2020.**

- Complete the GTCC Admission/Readmission Process (new and former GTCC students).
- Demonstrate English and mathematics “college readiness” levels, via college-level English/math courses or by completion of or waiver credit for specified “transition” or co-requisite courses, (see page 3 for details).
- Submit an Emergency Medical Science Program Application packet via email to the Director of EMS Programs, Jeremiah Underwood at jwunderwood1@gtcc.edu.

---

Guilford Technical Community College's EMS Program in Jamestown, NC is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) upon recommendation of the Committee on Accreditation for the EMS Professions (CoAEMSP).

Commission on Accreditation of Allied Health Education Programs
25400 US Highway 19 N., Suite 158
Clearwater, FL 33763
(727) 210-2350
www.caahep.org

---

Students will receive introduction videos from the EMS Program Director once they are accepted into the program.
# PROGRAM CURRICULUM OUTLINE

## General Education Courses

*These courses may be taken prior to acceptance to the program to lighten the academic load and for possible award of ranking points.*

Limited Entry Admission Process – GTCC EMS Program

Complete by July 13, 2020

☐ Complete the GTCC Admission Process (new applicants/former GTCC students).

Please complete the GTCC admission process, including the North Carolina Residency Determination Service (RDS) process. To get started, visit [https://www.gtcc.edu/admissions-and-aid/apply-now.php](https://www.gtcc.edu/admissions-and-aid/apply-now.php)

Submit your official transcripts. Once received, transcripts are evaluated by GTCC’s Enrollment Services staff. PLEASE ALLOW A MINIMUM OF TWO WEEKS FOR EVALUATION TO OCCUR! Approved transfer credits will be added to your academic record as appropriate. Transfer credits from regionally-accredited colleges/universities must appear on your GTCC WebAdvisor transcript in order to be considered for meeting minimum requirements or earning ranking points.

PLEASE CHECK THE STATUS OF YOUR ADMISSION PROCESS by visiting [https://applicationstatus.gtcc.edu](https://applicationstatus.gtcc.edu) and [https://transcripts.gtcc.edu](https://transcripts.gtcc.edu).

☐ Demonstrate English and mathematics “College Readiness” levels.

You must be able to meet one of the following options for both subject areas:

<table>
<thead>
<tr>
<th>COLLEGE ENGLISH READINESS</th>
<th>COLLEGE MATHEMATICS READINESS</th>
</tr>
</thead>
<tbody>
<tr>
<td>☐ Option 1: You have completed or received</td>
<td>☐ Option 1: You have completed or received transfer</td>
</tr>
<tr>
<td>transfer credit for ENG 111.</td>
<td>credit for one of the following -- MAT 143, MAT 152,</td>
</tr>
<tr>
<td>☐ Option 2: You have completed or received</td>
<td>MAT 171 (or a higher-level math).</td>
</tr>
<tr>
<td>waiver credit for all of the following: DRE 096,</td>
<td>☐ Option 2: You have completed or received waiver</td>
</tr>
<tr>
<td>DRE 097, DRE 098</td>
<td>credit for all of the following: DMA 010, DMA 020, DMA 030,</td>
</tr>
<tr>
<td>☐ Option 3: You have completed or received</td>
<td>DMA 040, and DMA 050.</td>
</tr>
<tr>
<td>waiver credit for ENG 002 with a minimum</td>
<td>☐ Option 3: You have completed or received waiver</td>
</tr>
<tr>
<td>grade of P2</td>
<td>credit for MAT 003 with a minimum grade of P2.</td>
</tr>
<tr>
<td>☐ Option 4: You have completed or received</td>
<td>☐ Option 4: You have completed or received waiver</td>
</tr>
<tr>
<td>waiver credit for ENG 011.</td>
<td>credit for one of the following: MAT 043, MAT 052, or</td>
</tr>
</tbody>
</table>
<pre><code>                                                             | MAT 071                                               |
</code></pre>

Once You Have Completed ALL of the Steps Listed above, Then You Have Completed the Program’s Minimum Admission Requirements (MAR). You are Now Ready to Submit Your Emergency Medical Science Program Application to the EMS Programs Office.

☐ Gather Your Application Materials and Submit them by the July 13, 2020 at 5pm Deadline.

Once you have completed all of the minimum admission requirements, gather all of the required documents, attach them to the EMS Program Application, and submit the packet to the EMS Program Director, Jeremiah Underwood, at jwunderwood1@gcc.edu. Application packets received after the deadline will be taken on a case-by-case basis based on the number of acceptable applications that have been previously received.

- Complete the EMS Program Application.
Verify that all transcripts have been received and evaluated for transfer credit by GTCC before attaching a copy of your WebAdvisor transcript. The Selection Committee will use this transcript to verify minimum requirements and award ranking points.

Attach all other documentation required on the EMS Program Application Checklist (back page of Application).

Submit all required documents to Jeremiah Underwood, EMS Program Director, at jwunderwood1@gtcc.edu.

Have Questions? Need Help?

✓ Completing the GTCC admission process (application for admission, NC residence determination):
  Please contact GTCC’s Admissions Office at (336) 334-4822, ext. 31125, or send an email to: admissions@gtcc.edu.

✓ Checking the status of your admission application: Visit: https://applicationstatus.gtcc.edu/

✓ Submitting your transcripts: Contact the Records and Transcripts Office at (336) 334-4822, ext. 50354 or 50161, or send an email to transcripts@gtcc.edu.

✓ Checking the status of the transcripts you have submitted to GTCC: Visit: https://transcripts.gtcc.edu/

✓ General information on the EMS Program and the specific admission requirements: Visit the EMS Program’s website at: https://www.gtcc.edu/academics/academic-programs/programs/public-safety/emergency-medical-science.php or call (336) 334-4822, ext. 50378, or send an email to jwunderwood1@gtcc.edu.

The Program Applicant Review and Selection Process

During the week after the Program Application Deadline, the EMS Program Review Committee, comprised of the Program Director and EMS faculty, will review all applications submitted by the deadline. A ranking system will be enacted if the EMS Program receives more than 25 applications.

After applicants are ranked, candidates will be selected based on the total points earned. Ties will be decided, based on the following system: 1) The applicant with the higher total points earned in the “General Education Courses” ranking section; 2) The date that the GTCC Admission Application was submitted for the program.

Each candidate who submits an EMS Program Application to the EMS Program Director by 5pm on the specified deadline will be notified of the results of the selection process. Notification will be sent electronically to the applicant’s GTCC email address.
Students must accept or decline a program position by submitting an Intent to Enroll Form within 5 business days of the date on the acceptance letter. Failure to respond within the stated timeframe will result in the position being offered to an alternate. Once a student declines a program position, the decision may not be reversed.

A student has 5 business days from the date on the notification letter to contest the results of the selection process. The request for review of the results must be submitted in writing to the Division Dean. The Division Dean will render a decision within 10 business days of receipt of the written request. The Division Dean’s decision is final.

Program Orientation, Advising/Registration, and Enrollment

Once a student accepts a position in the EMS program, all communication will be directed to the EMS Program Director regarding matters related to the EMS program, advising/registration, and enrollment.

The student is required to attend all program orientations, meetings and other events scheduled prior to the start of classes. Failure to attend these meetings without prior approval from the Program Director will result in removal from the EMS program and, if applicable to the program, ranking point deductions for future applications to the same program. An alternate student will be selected to fill the vacant position, as directed by the Program Director.

The student must enroll in program classes prior to the first day of the semester. Failure to enroll will result in removal from the EMS program and, if applicable, ranking point deductions for future applications to the same program.

A student who enrolls in first-semester classes for the program and withdraws from the program that semester must complete the entire program admission process if he/she wishes to apply for a future program entry. If applicable, ranking point deductions will apply for future applications to the same program.

Important Notes to Emergency Medical Science Program Applicants

Program faculty reserve the right to revise or change course requirements in accordance with applicable state laws, college requirements, accreditation standards, and/or at the discretion of the faculty. By accepting admission into the program, the students agrees to at all times abide by the program requirements and procedures as set forth in the GTCC and EMS Program Student Handbook and the respective course syllabus issued at the beginning of each term for each course. The student is bound by such requirements and procedures regardless of whether they were established before or after the date of enrollment in the program. Changes made after the publication of the Handbook will be posted as an addendum to the Handbook.

The EMS program requires all students to have a criminal background check, a drug screen, and submission of all required vaccinations prior to attending clinical and field internships. Healthcare agencies that are utilized for clinical and/or internship experiences require these evaluations. If a student is denied agency access due to a positive check or screening, the students will not be able to complete the clinical education experiences, which will result in the inability to continue in the EMS program. Screening may also be required after graduation by examination boards, state licensing boards, and employing agencies. Pending the outcome, a graduate may be disqualified from examination eligibility, state licensure, and/or employment.

Students must achieve a GPA of 2.0 or better in order to graduate. Students who receive a grade of “D” in a general education course (other than BIO) can graduate as long as their GPA is at least 2.0. However, a grade of “D” in a general education course will not transfer to another institution, nor will GTCC accept a grade of “D” for credit from another institution. Students must achieve a “C” or better in BIO, CHM, and a “B” or better in all program major courses. Students who do not achieve a “B” or better in these courses will be removed from the program.

Technical Standards & Essential Functions

Introduction

This section introduces the nonacademic standards, skills, and performance requirements expected of every student in the Emergency Medical Science program. It is essential for all students entering the program to understand that these requirements are necessary for the satisfactory completion of all aspects of the curriculum and development of professional attributes for graduation. Reading these standards carefully along with a realistic assessment of your own personality, interests, abilities, strengths, and weaknesses will ensure that you end up in a program and career path that is a good fit for you.
According to the Bureau of Labor Statistics, employment of paramedics is projected to grow 7 percent from 2018 to 2028, faster than the average for all occupations. Emergencies, such as car crashes, natural disasters, and acts of violence, will continue to require the skills of EMTs and paramedics.

Most paramedics work in traditional 911 response systems. They typically work 12 to 24 hour days, although many large urban systems have 8 and 10 hour shift schedules due to call volume. Many other job opportunities are quickly opening to paramedics such as urgent care clinics, Emergency Departments, ICU’s, cardiac catheterization labs and outpatient treatment areas. Beginning median wages are $16.60/hour ($42,865/year) depending on education and previous experience.

ESSENTIAL FUNCTIONS

According to the North Carolina Office of EMS (NCOEMS), the essential functions delineated below are necessary for Emergency Medical Science program progression and graduation and for the provision of safe and effective patient care. The essential functions include but are not limited to the ability to:

SENSORY AND PERCEPTION

Visual
- Observe and discern subtle changes in physical conditions and the environment
- Visualize different color spectrums and color changes
- Read fine print in varying levels of light
- Read for prolonged periods of time
- Read cursive writing
- Read at varying distances
- Read data/information displayed on monitors/equipment

Auditory
- Interpret monitoring devices
- Distinguish muffled sounds heard through a stethoscope
- Hear and discriminate high and low frequency sounds produced by the body and the environment
- Effectively hear to communicate with others

Tactile
- Discern tremors, vibrations, pulses, textures, temperature, shapes, size, location, and other physical characteristics

Olfactory
- Detect body odors and odors in the environment

COMMUNICATION/INTERPERSONAL RELATIONSHIPS

- Verbally and in writing, engage in a two-way communication and interact effectively with others from a variety of social, emotional, cultural and intellectual backgrounds
- Work effectively in groups
- Work effectively independently
- Discern and interpret nonverbal communication
- Express one’s ideas and feelings clearly
- Communicate with others accurately in a timely manner
- Obtain communications from a computer

COGNITIVE/CRITICAL THINKING

- Effectively read, write, and comprehend the English language
• Consistently and dependably engage in the process of critical thinking in order to formulate and implement safe and ethical nursing decisions in a variety of health care settings
• Demonstrate satisfactory performance on written examinations, including mathematical computations without a calculator
• Satisfactorily achieve the program objectives

MOTOR FUNCTION

• Handle small delicate equipment/objects without extraneous movement, contamination or destruction
• Move, position, turn, transfer, assist with lifting, or lift and carry clients without injury to clients, self, or others
• Maintain balance from any position
• Stand on both legs
• Coordinate hand/eye movements
• Push/pull heavy objects without injury to client, self, or others
• Stand, bend, walk and/or sit for up to 24 hours in a prehospital setting, performing physical activities requiring energy without jeopardizing the safety of the client, self, or others
• Walk without a cane, walker, or crutches
• Function with hands free for prehospital care and transporting items
• Transport self and client without the use of electrical devices
• Flex, abduct, and rotate all joints freely
• Respond rapidly to emergency situations
• Maneuver in small areas
• Perform daily care functions for the client
• Coordinate fine and gross motor hand movements to provide safe effective prehospital care
• Calibrate/use equipment
• Execute movement required to provide prehospital care in all health care settings
• Perform CPR and physical assessment
• Operate a computer

PROFESSIONAL BEHAVIOR

• Convey caring, respect, sensitivity, tact, compassion, empathy, tolerance, and a healthy attitude toward others
• Demonstrate a mentally health attitude that is age appropriate in relationship to the client
• Handle multiple tasks concurrently
• Perform safe, effective prehospital care for clients in a caring context
• Understand and follow the policies and procedures of the college and clinical agencies
• Understand the consequences of violating the student code of conduct
• Understand that posing a direct threat to others is unacceptable and subjects one to discipline
• Meet qualifications for licensure by examination as stipulated by the North Carolina Office of Emergency Science (NCOEMS)
• Not to pose a threat to self or others
• Function effectively in situations of uncertainty and stress inherent in providing prehospital care
• Adapt to changing environments and situations
• Remain free of chemical dependency
• Report promptly to internships and remain for up to 24 hours
• Provide prehospital care in an appropriate time frame
• Accepts responsibility, accountability, and ownership of one’s actions
• Seek supervision/consultation in a timely manner
• Examine and modify one’s own behavior when it interferes with prehospital care or learning
