The Pharmacy Technology program has a selective admissions process with a limited enrollment of 10 students each fall for the Associate in Applied Science Bridge option. Students must complete the diploma program prior to entering this option. This packet will outline minimum criteria, program coursework, and the application/selection process. Before applying, it is recommended to review the Technical Standards and Essential Functions required for the program. Reading these standards carefully along with a realistic assessment of your own personality, interests, abilities, strengths, and weaknesses will ensure that you choose a program and career path that is a good fit for you.

Please read the contents of this packet carefully and in its entirety as some requirements are time-sensitive.

**PROGRAM ADMISSION REQUIREMENTS**

- **Complete the GTCC General Admission/Readmission Process (new and returning students).**
  - Students currently enrolled at GTCC do not need to complete a new application for admission. These students will begin with the remaining steps and make sure the NC Residency is current.
  - See page 2 for details on this requirement.
  - *It is highly recommended to have this step completed by April 1st.*

- **Be a GRADUATE of an accredited Pharmacy Technology Diploma program OR a current GTCC student enrolled in the last semester of the Pharmacy Technology Diploma program making satisfactory academic progress toward graduation in May 2022.**

- **Complete the REQUIRED online Program Information Session by April 8th.**
  - See page 3 for instructions for accessing the session.
  - *Sessions completed for previous admission cycles are NOT accepted.*

- **Completion of the following general education PREREQUISITE courses with grades of “C” or better:**
  - ENG 111: Writing & Inquiry
  - MAT 143 (or higher level): Quantitative Literacy
  - MED 120: Survey of Medical Terminology

- **Submit the Fall 2022 Pharmacy Technology Program Application**
  - Applications can be submitted *March 14th through April 15th.*
  - See page 4 for details on application submissions
  - Applications may be accepted after the deadline if seats are still available.

**Note:** Meeting all criteria listed above does not guarantee acceptance to the program. However, all criteria must be met to apply and be considered for selection.
PROGRAM CURRICULUM OUTLINE

General Education Courses
Courses listed in **BOLD** are **Prerequisite** courses and **must be completed before applying**. The remaining courses may be taken prior to applying to the program to lighten the academic load.

LIMITED ENTRY ADMISSION PROCESS – GTCC HEALTH SCIENCES PROGRAMS
MEET PROGRAM ADMISSION REQUIREMENTS

Complete the GTCC General Admission Process (New and Returning Students)

- New and returning GTCC students must complete the GTCC general admission, including the North Carolina Residency Determination Service (RDS). To get started, visit [https://www.gtcc.edu/admissions-and-aid/apply-now.php](https://www.gtcc.edu/admissions-and-aid/apply-now.php)

  - **Returning students** = students previously admitted to GTCC and have not been enrolled in courses for more than 12 months

- **Submit your official transcripts to the GTCC Admissions Office.** Once received, transcripts are evaluated by GTCC’s Enrollment Services staff. Approved transfer credits will be added to your academic record as appropriate.

  - **Please allow a minimum of TWO WEEKS for evaluation to occur.** This process takes longer near the beginning or end of a semester. Transfer credits from regionally-accredited colleges/universities **must** appear on your GTCC WebAdvisor transcript in order to be considered for meeting program requirements.

- **Activate your GTCC Titan Account.** You should be able to do this within 48 hours of completing your GTCC Application.

- **Need help with this requirement?** For assistance with any part of the general admission process, you can contact the Admissions office at 336-334-4822, ext. 31125 or email admissions@gtcc.edu.
Graduation from an accredited Pharmacy Technology Diploma Program

Applicants must be graduates of an accredited Pharmacy Technology Diploma program OR a current GTCC student enrolled in the last semester of the program making satisfactory academic progress towards graduation in May 2022. A minimum program GPA of 3.0 must be earned with grades of “C” or better in program and general education coursework.

Complete the Required Online Program Information Session by 5pm, April 8th

Information Sessions completed for previous application cycles are not acceptable for purposes of meeting this requirement!

This session will provide you with a detailed overview of the program, faculty and student expectations, class schedules and clinical requirements, the minimum program admission requirements, submitting your program application, and the selection and notification process for the incoming class.

- You must have an activated Titan account to access the information session.
- The direct link to the session is: https://online.gtcc.edu/course/view.php?id=35937. You may also access it by logging into Moodle at https://online.gtcc.edu/ and searching for “Health Programs Information Sessions”.
- Enroll yourself in this course and complete the Fall 2022 Pharmacy Technology module. You must pass the information session with a score of 100% to receive credit for completing this task. Access to the module will be removed at 5pm on April 8th!

Completion of general education PREREQUISITE coursework with grades of “C” or better

ENG 111, MAT 143 (or higher level), and MED 120 must be completed with a “C” or better. These courses can be completed at GTCC or transferred from another college/university. Credits must be reflected on the unofficial transcript in WebAdvisor.

NEW SUBMITTING YOUR PROGRAM APPLICATION

Program Applications will be accepted March 14, 2022 through 5pm on April 15, 2022.

Once you have completed all of the program admission requirements, it’s time to submit your program application. This will be completed electronically through the Health Programs Information Sessions course in Moodle. Once you have completed the information session with a score of 100% the link for the application can be accessed starting March 14, 2022.

- Only one submission will be permitted for each applicant
- It is critical that you check your WebAdvisor transcript to make sure all coursework is accounted for, including transfer credits. Ranking points will only be given for courses that are on record. It is your responsibility to ensure all official transcripts have been submitted to Admissions and processed for transfer credits.
- Incomplete and/or ineligible applications will not be moved forward
- Applications will not be reviewed by the Limited Entry Programs Office until after the April 15th deadline. It is important to make sure all requirements are met BEFORE submitting your application.
- If space is still available after April 15th, the application will reopen until the class is filled.

PROGRAM APPLICANT SELECTION AND NOTIFICATION PROCESS

Review and Selection Process

The week following the April 15th deadline, all application submissions will be screened by the Limited Entry Programs Office to confirm all criteria have been met. All applicants will be notified via GTCC email if their submission will be moved forward to the Selection Committee for the final review.

The next 2-3 weeks following the initial screening, the Health Sciences Review Committee (comprised of Health Sciences Program Directors and faculty, Dean of Health Sciences, and Limited Entry Programs Office Staff) will review all eligible applications.

Applicants will be selected based on the date and time the Program Application was received by the Limited Entry Programs Office. If there are two or more applicants being considered for the last space available in the program, the applicant who receives that space will be selected based on the date/time the GTCC General Admission Application was submitted.
Notification Process

Final results will be sent electronically to the applicant’s GTCC email address within 4 weeks after the application deadline – it is the applicant’s responsibility to check this email account frequently to avoid missing important communications from GTCC.

- Applicants offered a seat must accept or decline a program position by submitting an Intent to Enroll Form within 10 business days of the date on the acceptance letter. Failure to respond within the stated timeframe will result in the position being offered to an alternate. Once a student declines a program position, the decision may not be reversed.

Applicants have 15 business days from the date on the notification letter to contest the results of the selection process. The request for review of the results must be submitted in writing to the Dean of Health Sciences (Dr. Paulette Woods-Ramsey, pwoodsramsey@gtcc.edu). The Dean will render a decision within 10 business days of receipt of the written request. The Dean’s decision is final.

PROGRAM ORIENTATION, ADVISING/REGISTRATION, AND ENROLLMENT

Once a position in a program of study is accepted, the student will then communicate with the Program Director regarding all matters related to program orientation, advising/registration, and enrollment.

The student is required to attend all program orientations, meetings, or other events scheduled prior to the start of classes. Failure to attend these meetings without prior approval from the Program Director will result in removal from the health program and, if applicable to the program, ranking point deductions for future applications to the same program. An alternate student will be selected to fill the vacant position, as directed by the Program Director.

The student must enroll in program classes prior to the first day of the semester. Failure to enroll without prior approval of the Program Director will result in removal from the health program and, if applicable to the program, ranking point deductions for future applications to the same program.

A student who enrolls in first-semester classes for the program and withdraws from the program or is dropped from the program that semester must complete the entire program admission process if he/she wishes to apply for a future program entry.

The GTCC Health Sciences Limited Entry Process is not to be regarded as a contract between GTCC and students. GTCC reserves the right to change any provisions or requirements with adequate notice and minimum disruption to students.

Important Notes to Health Science Program Applicants

Program faculty reserve the right to revise or change course requirements in accordance with applicable state laws, college requirements, accreditation standards, and/or at the discretion of the faculty. By accepting admission into the program, students agree to at all times abide by the program requirements and procedures as set forth in the Student Handbook and the respective course syllabus issued at the beginning of each term for each course. The student is bound by such requirements and procedures regardless of whether they were established before or after the date of enrollment in the program. Changes made after the publication of the Handbook will be posted as an addendum to the Handbook.

Most programs require students to have a criminal background check, a drug screen, and an OIG review (Office of Inspector General) upon admission. Healthcare agencies that are utilized for clinical and/or internship experiences require this evaluation. If a student is denied agency access due to a positive check or screening, the students may not be able to complete the clinical education experiences, which will result in the inability to continue in the health science program. Screening may also be required after graduation by examination boards, state licensing boards, and employing agencies. Pending the outcome, a graduate may be disqualified from examination eligibility, state licensure, and/or employment.

Students must achieve a GPA of 2.0 or better in order to graduate. Students who receive a grade of “D” in a general education course (other than BIO or CHM) can graduate as long as their GPA is at least 2.0. However, a grade of “D” in a general education course will not transfer to another institution, nor will GTCC accept a grade of “D” for credit from another institution. Students must achieve a “C” or better in BIO, CHM, and program major courses. Students who do not achieve a “C” or better in these courses will be suspended from the program.
A person is not eligible to sit for the Pharmacy Technician Certification Examination (PTCE) if convicted of a felony that occurred within the last five years and/or if the conviction was drug or pharmacy-related.

For further information on these policies, contact Tonya Welch, Pharmacy Technology Program Director at 336-334-4482, ext. 55079 or via email at tpwelch@gtcc.edu.

GTCC’s Pharmacy Technology program is accredited by ASHP/ACPE Pharmacy Technician Program Accreditation
