

Surgical Technology: AAS Degree

The program offers fall enrollment with a total maximum enrollment cap of 36 students.

PROGRAM HIGHLIGHTS

The Surgical Technology curriculum prepares individuals to assist in the care of the surgical patient in the operating room and to function as a member of the surgical team.

Students apply theoretical knowledge to the care of patients undergoing surgery and develop skills necessary to prepare supplies, equipment, and instruments; maintain aseptic conditions; prepare patients for surgery; and assist surgeons during operations.
